Granger Gardens

HUGH EYERDOM & SON • • • • • ROUTE 1 • WADSWORTH, OHIO

Granger Gardens has grown from a small personal hobby of twelve years ago, to a well conducted and nationally known business. This could only have become a reality through a high standard of quality merchandise and courtesy extended to our patrons. We supply both wholesale and retail trade. And it is our policy to please our patrons, large or small, above all else.

Our plants are not a commercially forced product. They are grown as near to natural conditions as possible. We are federally inspected by the U. S. Dept. of Agriculture and eligible to ship anywhere. Our plants are all clean, healthy plants, shipped either in bud or blooming. They are at least six months old and not just tiny shoots. All plants are shipped in 2" clay pots, you need only to unpack them and set them on your shelf. All are packed with special care to reach you in good livable condition.

SHIPPING

Orders will be sent just as soon as possible after receiving same. Due to the large number of replacements we have been forced to make the past two winters, we will do no retail shipping after Dec. 1 or before April 1. This is for your protection. We advise you however to get your orders in early so you can be sure of early delivery.

IMPORTANT

Please read your order sheet very carefully before placing your order. It is advisable to list a second choice of variety in the event we are out of the one you

request. You may also state that you do not wish any substitutions if you so desire, and a refund will be submitted to you. We reserve the right to substitute with a like variety if you do not state otherwise. Most pots have a minimum of two plants to the pot. However, if you prefer single crowns, please advise and we will comply.

DAMAGED SHIPMENTS

Will be adjusted *only* when the damaged merchandise is returned to us at once. We cannot assume any responsibility after you have had the plants for several months. Our shipments are guaranteed to reach you in good livable condition and replacements will be cheerfully made when it becomes necessary.

ORDERING

When ordering, please remit either your check or money order with your order. All orders over \$5.00 will be sent postpaid, all orders under \$5.00 please add \$.60 for postage and packing. Orders submitted from this list signify compliance with the above terms. Ohio patrons please include 3% sales tax.

Granger Gardens is carrying on a large program of Hybridization and has numerous new seedlings that will be available to our public in the near future. Our seven greenhouses are devoted entirely to the culture and hybridizing of the African Violet. We hope that we may serve you and add you to our list of satisfied patrons. If we serve you and please you, tell your friends. If you are displeased, please tell us and in that manner we can try to please you.

*Bonafide wholesale buyers may have our wholesale list by asking for same. Greenhouses are located one mile east of the School at Granger, Ohio, and are open from 8:00 a.m. - 6:00 p.m. every day.
